Re: U.S. EPA Notice of Potential CERCLA Liability dated
February 3, 2017 (the "EPA Notice") relating to the Superior
Barrel and Drum Site, Gloucester County, NJ (the "Site")

Response by Mahogany Company of Mays Landing, Inc.
and Expression of Interest in Seeking Ability to Pay
Settlement

Our File No.: 24977/1

Dear Mr. Tucker:

We represent Mahogany Company of Mays Landing, Inc. ("Mahogany") with respect to the above referenced matter and Site. Mahogany was one of the recipients of the referenced EPA Notice signed by Eric J. Wilson of EPA, which specified that written responses to the EPA Notice should be directed to you and Bonnie Hriczko, and that inquiries should be made to you.

This confirms and supplements our telephone conversation of February 17, 2017, and Mahogany's expression of interest in pursuing an Ability to Pay Settlement with EPA as described by Mr. Wilson on page 2 of his letter. This also recaps information already provided to EPA in Mahogany's March 14, 2014 response to EPA's Request for Information pursuant to CERCLA §104 concerning the Site.

Mahogany is a fourth generation family-owned business that has operated out of Mays Landing, New Jersey for over 65 years. It started as a supplier of boat lumber and evolved into a custom core and fiberglass kit fabricator for customers in the marine, transportation, wind energy
